### BATTLE IS IMMINENT

Shafter At the Front Preparing to Attack Santiago.

HIS FORCE VASTLY SUPERIOR TO THAT OF THE SPANIARDS.

Off Santiago, June 30—Special—Gen. Linares now has 12,000 Spanish troops in Santiago well armed and equipped. Many of the guns of Cervera's ships have been landed, and will do more effective work on shore than could be expected of them on board the ships. The Spaniards are prepared to make a desperate fight to retain the city and save the fleet, and even if not reinforced by Pando, who is yet two days' march from the city, and likely to be intercepted, can put up a good fight. The Americans and their Cuban allies still have the advantage in numbers, armament and position, and Gen. Shafter is confident of victory. It is reported today that he has decided to take the city by assault, so that when Pando arrives he will find the city and its surroundings in the hands of the invaders.

#### To Attack at Once.

Washington, June 30—Special—A battle at Santiago is imminent, and will probably take place within twenty-four hours. Shafter's heavy guns are expected to arrive today, and the attack will be made at once. Pando's army cannot arrive before Sunday afternoon or Monday morning, and when it reaches the western heights above the city the men will be exhausted by their forced march over bad roads and through mountain defiles, and poorly fitted to fight. It is probable that a brisk bombardment of the city and fleet will be followed by an assault from the combined American and Cuban forces, and that the city will be forced to surrender within a few hours after the attack begins. The American troops are eager for battle, and there need be no fear of faltering, whatever the obstacles may be that are encountered.

#### Gen. Shafter at the Front.

In front of Santiago, June 30—Special—Gen. Shafter has reached the front and taken personal command of the troops that will invest Santiago. Almost immediately after his arrival he issued orders for the immediate occupation of Caney, the Spaniards falling back upon Santiago. The opinion is generally shared by army officers that if the Spaniards are forced to evacuate Santiago they will march north and try to effect a junction with the troops under Blanco at Havana. Spanish deserters who have come into camp report that Cervera has everything in readiness for a dash out of the harbor with his fleet, his object being to try to sink at least one of the American ships before going down.

#### On the Skirmish Line.

At the front near Santiago, June 30—Special—The outposts of the army, which are now within two miles of Santiago have had no opposition from the Spaniards since the night in which the Rough Riders were engaged last Friday. The men are in good health and spirits. The American skirmish line is continually exchanging fire with the Spaniard pickets, but the Americans have received no injury. The Spanish newspapers give an account of Friday's fight. They say four thousand Spaniards were engaged by ten thousand Americans. The Spanish loss was 265 killed and wounded.

#### Santiago's Downfall Decried.

Playa Del Este, June 30—Special—Within a very short while everything will be ready for the supreme attack on Santiago. The troops will soon be supplied with three days' rations, and as soon as this has been done the march on the doomed city will begin. A good military road has been constructed. Shafter is anxious to anticipate the arrival of the Spanish reinforcements.

#### Spy Summarily Treated

Baiquiri, June 30—Special—Roosevelt's Rough Riders captured a Spanish spy Monday whom they found in a tree taking notes of what was going on in the American camp. He was turned over to the Cubans, who shot him, afterward cutting off his head.

#### Gomez Without supplies.

Key West, June 30—Special—Prominent Cubans here have received information that Gomez's situation is critical. He is absolutely without supplies.

MAJ. GEN. FITZ-HUGH LEE, SEVENTH CORPS.

Major General Lee was born in Fairfax county, Va., in 1835. He is a West Pointer, served in the Confederate army, was elected governor of Virginia in 1885 and was appointed consul general to Cuba in 1897.

#### ON THE BENCH IN OREGON

Judge John B. Cleland, of Portland, Was Born and Raised Here

Judge John B. Cleland, a native of Rock county, and for many years a resident of this city, has been elected judge of the circuit court, of Portland, Oregon. Judge Cleland is a son of James Cleland, of this city, and was born on a farm in this county in 1848. He received his education in the public schools of Janesville, afterwards attending Carroll college at Waukesha and the Michigan University at Ann Arbor. After practicing his profession in Iowa and North Dakota, in both of which states he was honored by election to judicial offices, he removed to Oregon in 1890. In January, 1893, he was appointed to a vacancy on the circuit bench, and has just been elected to a full term, receiving the largest majority of any candidate on the republican ticket. Old residents who remember Judge Cleland during his early years in this city will be glad to learn of his advancement.

#### REVENUE STAMPS RECEIVED

Local Banks Are Now Supplied With the New Issue.

The local banks today received an invoice of stamps to be used under the new war tax law in force tomorrow. The stamps are valued all the way from 1 cent up to \$50. Many were sold this morning. The stamps are to be used in bank business and the public will have to stand the difference. The new law increases the work of the revenue office, and its enforcement comes at the busiest season of the year, when the annual tax is collected from brewers, rectifiers and wholesale and retail liquor dealers.

#### THE UNION IS ACCOMPLISHED

American and United States Express Offices Will Unite Tomorrow.

The consolidation of the United States and the American Express offices in this city, of which mention has already been made in the columns of The Gazette, will take place tomorrow. The United States company will vacate their office, and all business will be conducted at the American office under Agent C. P. McLean. Agent Taylor and Driver Ed. Barnett, of the United States company, will be out of work as the result of the change. The horses will be shipped east, and the wagons will be sent to some western point.

#### CROWDS FOR MILWAUKEE

All Trains bound From the Cream City Were Packed

Crowds returning from the Milwaukee carnival made trains on the St. Paul road late in arriving here this morning. The Mineral Point passenger arrived from the Cream City a half hour late, which resulted in making all the morning trains late out of this city on the St. Paul road with one exception. Seventy-five passengers from here bought tickets to Milwaukee this morning on the St. Paul road, while several made the trip on the Northwestern. The Janesville crowd will easily number 500 in Milwaukee this week.

#### WILL PAY NASHVILLE A VISIT

Rev. E. H. Pence Will Attend the Christian Endeavor Meeting

Rev. E. H. Pence, of the Presbyterian church will go as a delegate to the International Christian Endeavor convention which meets in Nashville, Tenn., from July 7 to 12. Delegates to the number of several hundred are expected to attend from all sections of the country and the meeting promises to be one of the most interesting and profitable in the history of the society.

#### PIGEONS ARE FLEET OF WING

Conductor Westbury's Train Cannot Keep Pace With Their Flight

Calvin Westbury, of Milwaukee, a popular passenger conductor on the St. Paul road, who has charge of the morning train that leaves here at 7 o'clock for the Cream City, is a great pigeon fancier. His hobby is the homing pigeon, and this week he gave several interesting exhibits of their work in this city. At the local St. Paul passenger station he let fly on Wednesday a number of his birds just as his train pulled out. When he reached home the birds were there some time in advance of him. At another time his train passed the flock near Whitewater, but the birds left the train far in the rear before Milwaukee was reached.

#### WILL BE WEDDED ON SUNDAY

Prof. M. E. Miller and Miss Bertha Weseloh to Be Married

Prof. M. E. Miller, superintendent of St. Paul's German school in this city and Miss Bertha Weseloh of Loganville, Wis., will be married on July 3 at the home of the bride-to-be the ceremony to be performed in the morning.

After a wedding trip to Milwaukee the happy couple will return to this city to reside. A most hearty welcome awaits the prospective bride. Prof. Miller left today for Loganville.

#### OUTLOOK FOR TOBACCO LEAF

Dane County is Nearly Bare of the Old Crop Now

B. J. Rumrill returned home this morning from Dane county, where he made the purchase of a hundred cases of leaf tobacco. This purchase will be left in Dane county to be handled and packed. In speaking of the tobacco outlook in that section Mr. Rumrill says that but little leaf remains there in the farmers' hands on account of the large number of buyers that have been riding in all sections of late.

#### MRS. WILLIAMS ENTERTAINS

Delightful Reception At Her Court Street Home This Afternoon

Mrs. Ward Williams entertained a number of ladies today at a delightful afternoon reception that was given at her Court Street home. The rooms were beautified by flowers and light refreshments were served. In spite of the oppressive heat of the afternoon many ladies partook of Mrs. Williams' hospitality and had a most enjoyable time.

#### Big Cargo of Japan Tea.

Port Townsend, Wash., June 30.—The Northern Pacific liner Columbia has arrived fourteen days from Kobe, Japan, with a large cargo of tea. From the time she sailed all possible speed was made in order to reach the United States before the duty of 10 cents a pound on tea went into effect. It is estimated that the duty on her cargo will exceed \$400,000.

#### Spain Keeps Up Her Show.

Madrid, June 30.—Manila advices today that the queen regent will immediately sign a decree providing for the formation of an auxiliary cruiser division at Cadiz. The new squadron is to be made up of the Alfonso XIII, Joaquin del Pelago, Ciudad de Cadiz and Meteor.

#### Oshkosh Strike Is On.

Oshkosh, Wis., June 30.—At a meeting of the Woodworker's union today the strike, so far as the McMillan mill is concerned, was declared off and the 200 men returned to work at that factory this afternoon. It is believed this action will bring about a speedy settlement of the trouble in all the mills.

Miss Lillian Bemt is home from an extended visit in Italy.

### GERMANY IS OFFENSIVE

Attitude of the Admiral At Manila Menaces America.

FEARS THAT AN ALLIANCE HAS BEEN FORMED WITH SPAIN.

Washington, June 30—Special—Although officials affect to regard lightly the attitude of Germany in the Philippines it is evident that the situation is causing much concern. The German admiral at Manila does not attempt to conceal his partisanship for Spain, and is manifestly acting under orders from Berlin. Dewey is still firm, however, and threatens to fire upon the German ships if they shall commit any overt act. He is competent to dispose of Germany's ships in short order, and would have taken decisive action ere this but for fear of precipitating an open alliance between Germany and Spain. It is believed that matters are approaching a crisis, and that the arrival of Camara's squadron will signalize the beginning of a conflict in which the United States will be pitted against both Germany and Spain.

#### England Warns Germany.

Washington, June 30—Special—Significant dispatches have been passing to and fro between the state department and Ambassador Hay at London. It is believed that they relate to Germany's course at the Philippines and presage an Anglo-American alliance having for its purpose the control of all the Spanish possessions in the east. Great Britain will not regard favorably the extension of German influence in that direction, and it is believed will make common cause with the United States. It is learned that there has been considerable warmth in recent diplomatic communications between the English and German capitals, and the belief is expressed that if the impetuous young ruler of the Teutons wants trouble he can be accommodated. Increased activity at Portsmouth and other navy yards of late indicates that Great Britain will not be taken unawares if trouble arises.

#### Gone to Join Shafter

Washington, June 30—Special—Three transports with troops left for Santiago from Tampa this morning. The only volunteer regiment that went was the First Illinois. Late this afternoon Gen. Coppinger telegraphed that the First Illinois and 950 regular recruits sailed this morning, and three other transports with horses, artillery and artillerymen sailed this afternoon.

#### Another Revolt For Spain.

Victoria, B. C., June 30—Special—Mail advices from Hong Kong say the Caroline Islands are in revolt against Spain. It is believed the rebels will soon be in control, as no reinforcements can be sent to the relief of the forces there.

#### The Invasion of Spain.

Washington, June 30—Special—The navy department is making great preparations for sending a squadron to the Spanish coast. A refrigerating ship capable of carrying a large supply of fresh beef has been attached to the force.

#### Fears For Dispatch Boat.

Hong Kong, June 30—Special—Great anxiety is felt here on account of the American dispatch boat Wing Foo, carrying important dispatches from Dewey. It is feared the boat got in the path of the recent storm.

#### Caney Evacuated.

Kingston, Jamaica, June 30—Special—A report has reached this city that Caney, near Santiago, has been evacuated by the Spaniards. It is believed four thousand Spanish troops were garrisoned there.

#### Fired On an American Ship.

Key West, June 30—Special—A sand battery at Havana engaged an American ship Monday. Many shots were fired, but no damage was done to the ship, and little to the battery.

#### The Sailing Delayed.

Washington, June 30—Special—It is the opinion of naval officials that Watson's squadron will not sail for Spain for a week or more.

## MILTON COLLEGE COMMENCEMENT DAY

### GREAT EVENT OF THE YEAR AMONG THE COLLEGIANS.

There Was a Large Attendance and Great Interest Was Manifested—A Program of Unusual Excellence Presented—The Alumni Association Holds Its Annual Meeting

THE GAZETTE AGENCY,  
W. W. CLARK, Manager,  
Milton, Wis., June 29, 1898.

Commencement day at Milton college is the great event in the year for Milton and her people and today has proved no exception to the general rule. At an early hour the patrons and friends of the institution from far and near began to assemble on the college campus, where "neath the shade of trees and shadow of the buildings, away from the noise and bustle of village streets and traffic, a huge tent accommodating a thousand or more had been pitched, making an ideal place for seeing, hearing and speaking. At the north end a stage had been erected and on this were seated the faculty trustees, graduating class and distinguished guests. Among those present from abroad were Rev. Geo. B. Shaw '01, New York City; Prof. A. B. Randall '07, Alfred, N. Y.; Prof. J. D. Bond '72, St. Paul; Miss Mary Whitford '00, Westerly, R. I.; Prof. W. B. Wells '00, Idaho Falls, Idaho; Prof. D. C. Ring '97, Big Springs, S. D.; Miss Susie Steaton, Chicago; Mrs. Eda Grandall Sheppard, Alfred, N. Y.; Miss G. C. Crumb, M. D., '88, Berlin, Prof. H. T. Plumb '00, Salubria, Idaho; Mrs. B. R. Walker '85, Wauwatosa; E. F. Loofbora, '97, Berlin; Mrs. Lillian Root-Wheeler, '94, Palmyra; Mrs. E. M. Tomkins Dodge, Marinette; Superintendent J. B. Borden, '00, Marshfield; Rev. L. C. Randolph '88, Chicago; Mrs. Helen-Holmes Root, Clinton; Charles Burton, Delavan; Mrs. Mable-Curtis-Van-Horn, Weldon, Iowa; Miss Grace Miller, '05, Janesville; Mrs. Naudie Burdick-Crosley, '04, Algonquin, Ill.; Rev. F. C. Richardson, '92, Jefferson; John B. Wheeler, Palmyra; B. H. Welch and wife, and B. W. Rogers, M. D., Oakland, California; Miss Jennie Fowler, East Troy; Mr. and Mrs. J. W. Loofbora, and Mrs. L. A. Loofbora, Weldon, Iowa; Mrs. Anna Ferry, Brookfield; Mr. and Mrs. H. H. Harris, Janesville; Dr. E. E. Campbell, '88, and wife, Walworth; John Barless, '87, Janesville; George E. Morton, Appleton; Mrs. D. C. Barnum, Waupaca; President A. J. Steele, of the La Moine Institute, Memphis, Tenn.; Dr. Fred L. Glenn, '92, Chicago; Dr. James Mills, '84 and wife '78, Janesville; Mrs. McLaughlin '80, Janesville; Robert Barless and wife, Will McLaughlin, Rock Prairie; Thos. Johnson, Stone Fort, Ill.; Mrs. Chas. Egan, Oxfordville; Mrs. S. L. Elmer, Oconomowoc; R. C. Green, Chicago; J. Z. McLaughlin and wife, of Rock Prairie; Will Davis and family and Chester Bennett and family, Janesville; J. D. McLaughlin and family, Rock Prairie.

Excellent music for the program was furnished by the famous Imperial quartette, of Chicago, composed of Messrs Swift, Bird, Rice and Shook, and the College Cornet Band, under the direction of Band Master Harley Green. The members of the graduating class did themselves honor and the institution which they represented credit, both in the makeup of their productions, which were thoughtful and practical, and in their delivery. A particularly pleasing feature of the exercises, which was not noted in the program was the presentation to President Whitford of a "Golden Remembrance" by a number of the alumni and old time students in commemoration of his fortieth year of service as president of the college and his seventieth birthday, and also as a token of their regard and esteem. The album in which the names of the donors were engrossed, together with a purse containing the gold were presented in an appropriate little speech by Rev. Dr. L. A. Platte, '03, who was a student in the president's classes forty years ago. It was a complete "surprise party" to the "elder" but despite his responded in a very feeling and happy manner. President Whitford enjoys the honor of being the oldest college president in point of continuous service in the west, perhaps in the United States, and looks forward to many more years of service in that capacity, his health being good and mental powers vigorous.

### ARE GOING TO CINCINNATI.

Grand Army Men Will Attend the En-  
campment in Ohio Metropolis.

Several members of the local G. A.  
A. have now under consideration a  
trip to the National Encampment of  
the Grand Army of the Republic, to be  
held in Cincinnati, from September 5  
to 10. That there will be a large at-  
tendance is already evidenced by the  
fact that applications have been filed  
for the accommodation in free quar-  
ters, in the school houses, of 10,000  
comrades, while Camp Sherman will  
have at the present enlistment 1,500  
men under tents. One thing that will  
take a great crowd to Cincinnati is  
the fact that lower rate has been  
secured from the railroads than has  
probably ever been enjoyed by another  
city. It is practically 1 cent a mile,  
though there is a charge of one fare  
for round trip by some of the railroads  
to points where they connect with  
lines leading to Cincinnati.

### GROW PEAS WITH PROFIT

Rock County Farmers Find Wealth in  
Cultivating Green Peas.

Several farmers residing in the  
vicinity of Janesville are at present  
harvesting one of the largest pea  
crops that has been grown in Rock  
county for many years. Some farm-  
ers who have made it a special busi-  
ness to raise tobacco in past years  
have this year devoted their time and  
ground to the cultivation of peas. This  
venture, they claim is a paying one.  
Several of the growers ship their crops  
to out-of-town canning factories.

### WILL BE WELCOMED TO TOWN

Edgerton Tobacco Merchant Who Will  
Make Janesville His Home.

James Hutson, of Edgerton, who  
has moved here and rented the spa-  
cious J. H. Burns residence on Pros-  
pect avenue, is a leaf tobacco dealer  
who will make a valuable addition to  
local leaf circles. Mr. Hutson has  
had several years' experience in the  
business, and is considered one of the  
most careful buyers in the country.  
As a leaf tobacco center Janesville is  
fast forging to the front.

pation. It's the best, and if after  
using it you don't say so return the

## CLOSE OF THEIR SCHOOL 'GIRL DAYS

### GRADUATING EXERCISES OF ST. JOSEPH'S ACADEMY.

St. Patrick's Church Was Crowded  
With Those Interested—Brilliant  
Papers Read By Members of the  
Class—A Programme of Great Ex-  
cellence Was Rendered.

The graduating exercises of St.  
Joseph's Academy were held last  
evening at St. Patrick's church, which  
was densely crowded with friends of  
the institution and its pupils. The  
graduating class consisted of Misses  
Beatrice C. Caldwell, Katherine G.  
Dolan, Catherine I. Collins and each  
displayed a degree of general knowl-  
edge that reflected much credit upon  
their instructors.

"The Music of Primitive Peoples"  
was the theme of Miss Beatrice C.  
Caldwell. She treated the develop-  
ment of music through the ages when  
learning was in its infancy and showed  
its refining influence upon people but  
little removed from barbarism.

Miss Katherine Dolan treated of  
"The Music of the Early Christians,"  
showing the influence it had in sus-  
taining them through the many per-  
secutions they were called on to endure.  
Miss Catherine Joyce spoke of "The  
Coliseum," and treated that historic  
structure with a free descriptive  
hand. She illustrated her essay with  
charts from old prints that were ex-  
ceedingly interesting.

Miss Elizabeth Collins was the valedi-  
ctorian. She chose for her text the  
couplet:

"I slept, and dreamed that life was beauty,  
I woke, and found that life was duty."

Her farewell to teachers and class-  
mates was exceedingly affecting.

A feature of the evening, which  
preceded the reading of the essays,  
was the program of the school at  
large, consisting of marches, drills,  
concert recitations, chorus and piano  
solos by members of the school. The  
march, flag drill and dumb bell ex-  
ercises were well executed.

Rev. Father Francis Kelly, of  
Whitewater, spoke a few words of  
congratulation and excellent advice to  
the graduates. He emphasized the  
necessity of having a purpose in life  
and spoke with regret of the tendency  
of women to mix in public affairs.

Dean McGinnity, assisted by Rev.  
Father J. J. Collins, then presented  
the medals and diplomas of gradua-  
tion to the four fortunate young la-  
dies.

### JANESVILLE Y. M. C. A. WON

Defeated the Edgerton Base Ball Club By  
a Score of 7 to 4.

The second base ball game of the  
series between the Janesville Y. M. C. A.  
and the Edgerton teams was played  
yesterday at Edgerton, and was easily  
won by the Bower City boys, the score  
standing, Janesville, 7; Edgerton, 4.  
Janesville started in with four runs  
and kept the lead to the finish. There  
was some excellent play by members  
of both clubs, and the result was due  
as much to good luck as to superior  
work on the part of the winners. The  
score by innings tells the story of the  
game, and is as follows:  
Janesville.....4 0 1 0 0 1 0 0-7  
Edgerton.....0 0 2 0 1 1 0 0-4

### PLEASED CHIEF SPENCER

Janesville Men Saw the Milwaukee Fire  
Department Run Yesterday.

Milwaukee Sentinel—Chief Spencer,  
of the Janesville Fire department  
came to Milwaukee yesterday for the  
purpose of seeing the run. In speak-  
ing of it, he said:

"When engine 7 and one of the  
trucks came past Broadway neck and  
neck it was beyond description. The  
chariot race from Ben Hur wasn't in  
it in comparison. Talk about people  
going 1,000 miles to see a circus, I'd  
go 5,000 to see another run like that  
of tonight."

THE Christian Young People's union  
held an excursion to Idlewild park last  
evening, where refreshments consist-  
ing of ice cream and cake were served.  
The attendance was small on account  
of the extreme heat.

THE local members of the United  
Commercial Travelers' association and  
their families, together with all travel-  
ing salesmen who are not members of  
the U. O. T. will spend next Saturday  
at Idlewild park.

Mrs. Rosa Schwartz, who resides on  
North Bluff street, was last evening  
attacked by a large dog who ran out  
and grabbed her by the left arm be-  
tween the elbow and the wrist cutting  
a gash two or three inches long.

### HIS DIPLOMA WAS WORTHLESS

Judge Sale Decides Against The Claim  
of Dr. George H. Webster.

Judge Sale, in the county court yester-  
day, refused to give judgment  
against the J. D. Holmes estate in  
favor of George H. Webster for medi-  
cal attendance. The court held that  
Webster was not licensed to practice  
medicine in the state of Wisconsin.  
Dr. Webster claimed that he took the  
prescribed course at the Milwaukee  
Electric Medical College and had a  
diploma from that institution. The  
court held however, that the institu-  
tion in question was not competent to  
issue diplomas, and could not be prop-  
erly classed as a reputable medical  
college under the law. The case will  
be taken to the supreme court.

### BENNETT WILL VISIT EUROPE

Laying Plans For An Extended Trip  
Across the Water.

Judge John B. Bennett is planning  
an extended trip to Europe accompa-  
nied by Attorney E. D. McGowan. As  
yet no definite plans have been made  
as to the time of sailing or as to how  
long they intend to be gone.

Judge Bennett who is a man of 77  
years has always had a strong desire  
to cross the water and spend some  
time in England as well as in Europe  
proper which countries he is well in-  
formed on through reading.

### COME FROM CHICAGO AWHEEL

Four Janesville Men Will Make the Run  
On the Fourth.

Four former Janesville boys who  
now make Chicago their home are  
planning on making a century bicycle  
run to this city to spend the Fourth  
of July.

The party will include Edwin Ehle,  
Dr. M. A. Newman, Dr. Fred Burr and  
J. G. DeLong. All four are good  
riders and expect to make good time  
the entire distance providing the day  
is not too hot.

## Terribly Afflicted

Little Girl Could Hardly Breathe  
Owing to Catarrh

Hood's Sarsaparilla Cured Her  
and Her Worn Out Mother.

"My little girl was terribly afflicted  
with catarrh and she could hardly breathe  
at night. She took many different medi-  
cines without benefit and we became  
almost discouraged. One day I read an  
advertisement of Hood's Sarsaparilla and  
concluded to try it. She began taking it  
and was soon relieved. I believe she is  
now permanently cured, as she has not  
been troubled with catarrh for some time.  
I was run down in health myself and suf-  
fered constantly with backache, and felt  
all worn out. I thought Hood's Sarsapa-  
rilla might help me and I began taking it  
and it has cured me. I have not had any  
return of the lameness in my back or  
tired feeling." Mrs. A. H. ALLMAN,

## REBEL CHIEF DISTRUSTED.

Aguinaldo Said to Be Negotiating with Germany.

MAY BE ONLY PLAYING A PART.

No Decisive Action Will Be Taken by Dewey Until Gen. Merritt Arrives—Islands Are the Lawful Prize of the United States.

Washington, June 30.—The navy department has received dispatches from Admiral Dewey which intimate that Aguinaldo, leader of the insurgents at Manila, is in communication with emissaries of Germany and that a scheme is on foot to proclaim the independence of the Philippine islands under guarantee of the European powers.

The theory is advanced, however, that the shrewd rebel leader, who has up to this time manifested the greatest regard for the United States and implicitly followed the advice of Admiral Dewey, is simply playing with the German representatives in order to discover their intentions. One thing is certain, navy officials here say, and that is no move will be made until Gen. Merritt and his army reach Manila and take formal possession of the islands as the lawful prize of the United States acquired by conquest.

It is further intimated that, should Germany make any decided move toward acquiring the islands, she would be opposed by both Great Britain and France, and it is pointed out that the presence of three British warships in Manila bay is a notification to Germany and other European countries that Great Britain is watching the progress of events there and is ready to take a hand in the melee. Moreover, the presence of British warships there offsets the effect of the presence of the five German warships which have been at anchor in the harbor for several days.

Admiral Dewey holds the key to the situation, and when Gen. Merritt, with his troops, arrives decisive action will be taken immediately, and all foreign countries notified to govern themselves accordingly. It is believed the prompt occupation of Manila by the forces of the United States will completely end all suggestions of interference by any foreign power, and also prevent international complications.

President McKinley and his cabinet believe Aguinaldo will make no effort to take Manila until Gen. Merritt arrives. He will then have a conference with Merritt and Dewey, at which the status of the insurgents will be settled. If the terms do not suit the rebel leader there may be a rupture. But until then no decided action will be taken.

## MERRITT SAILS FOR MANILA.

New Governor of the Philippines Leaves on the Newport.

San Francisco, Cal., June 30.—Major Gen. Merritt, governor general of the Philippines, is on his way to the important post. He sailed Wednesday morning on the Newport for Manila. Although every precaution was taken to prevent soldiers assigned to the vessel from being left behind, several were. Five arrived at the dock just as the Newport was going into the stream, and they made frantic efforts to get aboard. Finally they were taken aboard the tug Reliance, with bags of mail and a number of telegrams which had arrived too late at the dock, and the tug started on a stern chase of the steamer, overhauling it successfully.

With the departure of the third fleet of transports and the sailing of Maj. Gen. Merritt the government officials will now turn their attention to securing transportation to Manila for the 10,000 men still at Camp Merritt. For the fourth fleet only two vessels have so far been secured, the City of Puebla and the Peru, and these ships are now being fitted up. It is not expected that the Puebla, Peru, Alameda and Acapulco will leave before July 10.

The four ships will accommodate about 3,000 soldiers, and if the government intends to send the balance of Gen. Merritt's army to Manila without waiting for the first transport fleet to return here, the problem can only be solved by taking ships which could safely journey to Honolulu and transfer soldiers at the islands to ships returning from the Philippines. It is understood that this is the intention of the government.

Georgia Democrats for Bryan. Atlanta, Ga., June 30.—The state democratic convention met here Wednesday. Little interest was manifested, the work of the convention being merely to put in nomination the ticket chosen at the state primaries June 6. No names except those of the successful candidates in the primaries were presented. The platform adopted calls for the free coinage of silver at 16 to 1, and commends the position of W. J. Bryan on this question. The administration is endorsed in the stand it has taken in the war with Spain, and the state of Georgia is pledged to help the country maintain its honor at home and abroad.

During the summer of 1891, Mr. Ches P. Johnson, a well known attorney of Louisville, Ky., had a very severe attack of summer complaint. Quite a number of different remedies were tried, but failed to afford any relief. A friend who knew what was needed procured him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy which quickly cured him and he thinks saved his life. He says there has not been a day since that time that he has not had this remedy in his household. He speaks of it in the highest praise and takes much pleasure in recommending it whenever an opportunity is offered. For sale by People's Drug Co., corner Main and Milwaukee streets.

Very Low Rates to Washington, D. C. Via the North-Western line. Excursion tickets will be sold at greatly reduced rates, on account of N. E. A. annual convention to be held July 7-12. For dates of sale, etc., apply to agents Chicago & North-Western R'y.

Honolulu Wild with Joy. Honolulu, June 22, via San Francisco, July 1.—All Honolulu went wild with excitement when the Moana brought the news that the house had passed the annexation resolution by an overwhelming majority. Preparations were at once started to celebrate the 4th of July like real Americans—that is, without a borrowed flag, but one distinctly and honestly their own. American flags are flying all over the city, and all that is needed to complete the picture is "Old Glory" flying over the government building.

## REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15. To the Republican Electors of Wisconsin: By direction of the State Central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention. The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention. In accordance with a resolution recommended by the state convention and formally adopted by the State Central committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions. Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (\$250) republican votes, or major part thereof, cast at the last preceding presidential election. Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be called on a notice of not less than four weeks; all town or ward caucuses as primaries in state convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner. As the State Central committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address. EDWIN D. COE, Chairman. JOHN M. EWING, Secretary.

Rock county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13. The judges of the St. Claire county court, in Missouri, are having a gay time. One of them has sent his two judicial comrades to jail for contempt of court in refusing to vote to issue certain bonds. The two who linger in durance vile say they will not be coerced, and in the mean time litigants are settling their differences in the good old primeval way. President Pullen, of the Milwaukee branch of the La Follette machine says if Governor Scofield is re-nominated "We shall bury him so deep that he will never rise again." How do loyal republicans like this plank in the La Follette platform? Can any one but populists and muckwumps stand thereon? Other trades are feeling the effects of the strike of the Oakshoos woodworkers. Thirty carpenters have just been laid off because the employers could not get material from the mills to finish the buildings in the course of construction. Having effectually bottled the Spaniards at Santiago de Cuba, Admiral Sampson may be sent to Santiago "do Spain" to do the same trick. If the corks hold out we will soon have the whole Spanish nation under a label "glass, handle with care."

The Irish sailor on the battle ship Oregon says he has rechristened the ship the O'Reagan. Spain will take notice of this fact before she buys the O'Higgins. An O'Reagan will make short work of an O'Higgins. Santiago girls smoke cigars continually and can therefore hardly be classed as "matchless beauties."

The Spaniards may be able to dynamite Captain Sigbee's ship in time of peace, but in time of war is

Spanish torpedo boat Terror can bear testimony.

The war correspondent who revived the old story about Spain's buying the warship O'Higgins evidently believed that "the first shall be last and the last shall be first."

Captain Sigbee, of the Yale, has the satisfaction of knowing that his good ship is in no danger from Spanish torpedo boats, for he worried the Terror with three shots.

It seems like old times to read that Spain has bought the O'Higgins. The story, as usual, is untrue however. The boat with the Albernian name, still belongs to Chili.

General Morritt denies that he expressed himself as favoring a policy of expansion. The yellow papers put words into his mouth that he had not uttered.

Reports from Jamaica are to the effect that the Spaniards in Cuba amuse themselves by tossing Cuban babes in the air and shooting at them.

The Bodditz submarine boat was tested at Milwaukee, and worked well. Mr. Bodditz, it is perhaps needless to say, hails from Oakshoos.

The starving Spanish soldiers are deserting by the score and joining the Cubans in order that they may get something to eat.

A. R. Hall continues to attack Gov. Scofield—which fact is to the credit of the governor.

Uncle Sam is now putting in his spare time building three large warships.

If Camara "presses the button," Dewey will "do the rest."

## May Adjourn Next Week.

Washington, June 30.—Adjournment of congress is at hand, and from the present indications next week will see the end of this session. The senate passed the last appropriation bill this afternoon, which leaves only three of them in conference, and they will probably be agreed to by both houses this week. All legislation pertaining to the army and navy necessary to the prosecution of the war has been acted upon, together with all important legislation that cannot be carried over until next session, except the bill reorganizing the personnel of the navy. Secretary Long is anxious to have this measure pushed through, and has repeatedly urged congress to act upon it, as he is unable to man the ships of the navy. The Hawaiian resolution is the only measure before congress which stands in the way of a definite agreement to adjourn, but members of the senate foreign relations committee, and even the opponents of this measure themselves, assert that a vote is not far distant.

Hills Passed by the House. Washington, June 30.—The house Wednesday disposed of several measures and incidentally enjoyed a speech from Mr. Allen (Miss.), who proposed that a company of congressmen be raised to go to Cuba. After sending the Indian and sundry civil bills back to conference, consideration of bills from the military affairs committee proceeded. Notable among the measures passed were those providing for the enlistment of cooks in the army, providing for the appointment of military storekeepers for the army, providing for the protection of harbor defenses and fortifications against wanton and malicious injury, and giving the secretary of war discretion to permit any church or religious sect to erect its house of worship upon the West Point military reservation.

CHANGE OF VENUE  
TO CIRCUIT COURTBROWN FORGEY CASE AD-  
JOURNED TILL FALL.

Defendant. Appeared in Court This Morning When a Change of Venue Was Taken—May Supposed He Would Plead Guilty—Prien Case Adjourned Till July.

When the case of the State of Wisconsin vs. Dr. Robert L. Brown was called in the municipal court this morning there were many curious eyes on hand who expected to see the defendant walk to the front, plead guilty and take his medicine. In this they were disappointed.

Instead of pleading guilty, Attorney C. L. Field, of Fether, Jeffis, Field & Mount, asked the court for a change of venue to the circuit court of Rock county, and the same was granted. This now means that Dr. Brown will not again be obliged to appear in court till next fall, when his case will be heard before Judge Bennett. The defendant is out on bail.

John Haight, the complaining witness in the case, was in court this morning, expecting to have the case placed on trial, but in this he was disappointed. If the case had not been taken up by the state there is little doubt but the matter would have been settled.

Prien Case Adjourned. James Prien, the Beloit young man who is charged with rape, was before the court this morning, and his case was adjourned till July 5. The adjournment was taken because the complaining witness cannot be found. It is thought she has been spirited away by the friends of the defendant, as the district attorney cannot find her.

## DEATH OF THOMAS CROAK

Former Well Known Resident of Janesville Dies in Milwaukee.

Thomas Croak, a former well known resident of this city, died in Milwaukee this morning at 9 o'clock.

A telegram to local relatives brought the sad information. The deceased was a veteran of the late war, and had many friends in this city who will mourn his death.

A wife and two daughters, Mrs. William Kober, of this city, and Mrs. E. B. Ryan, of Duluth, and a son, John Croak, of Spokane Falls, are left.

The remains will arrive in the city on the noon train tomorrow via the Northwestern road, and will be taken direct to Mount Olivet cemetery.

## GOOD STREET CAR BUSINESS

June Receipts Exceed Those of Any Month in Company's History.

The Janesville Street Railway company have done the largest business for the month of June this year than at any time during the same month since Sept. Cummins has been in charge.

George W. Hlabon, the principal stockholder, writes his approval from Philadelphia and says that the outlook for the road was never more promising than at the present time. Such an increase in patronage as has been shown this month fully indicates that the cars are well thought of by the traveling public.

## Friday Fresh Fish.

We received today a fine lot of fresh caught skinned bullheads, trout and white fish; we expected some other varieties but the order was not filled for some reason. If you are a fish eater send your order in early as the chances are they won't last long. Sincerely, J. H. B. B.

## BASE BALL GAME THE FOURTH NEWS OF A PERSONAL NATURE

Janesville Y. M. C. A. Team Will Play the Stoughton Nine

The local Y. M. C. A. base ball team will play the Madison nine at Stoughton on the fourth of July. The home team will be paid \$50 for their trouble. The game that was scheduled to take place in this city between the Hyde Park, Chicago Y. M. C. A. team and the local nine has been called off for fear that there would not be a large enough attendance seeing that the celebration was called off here. It would cost \$70 to get the Hyde Park team here.

The Janesville Edgerton Game

On the part of the Janesville club Fisher's pitching was phenomenal. Three times he shut out Edgerton when the club had three men on bases with no one out. McMaisters' caught everything he went after, and gave the crowd many surprises. Edgerton's outfielding was admirable, and if the other positions had been played as efficiently the result might have been different.

Liked The Columbia Fete.

A letter from a prominent minister of Paris, Ill., speaks highly of the entertainment.

Paris, Ill., June 15, 1897.

To The Misses Matthews:— I wish to give you this note as a witness to my appreciation of the entertainment given by us last evening in the opera house. In beauty and grandeur its tableaux surpassed anything I have ever seen on the stage. The drill, marches and figures were incomparable. It was chaste and yet mirth provoking. I wish to encourage you by giving you this unsolicited statement of my appreciation of the entertainment.

Your patience and work in the preparation have been marvelous. Paris has been blessed and we felt with church entertainments and if there were all of the order of your work no one would complain.

I regret that your work and mine has been such that we have not been able to get better acquainted. Sincerely yours, GEORGE HARRIS.

## BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

It was Anson's desire to take a game from Chicago yesterday, but his players couldn't carry out his idea. Chicago gained on two of the leaders—Boston, which fell before Cleveland, and Baltimore, which found Louisville a stumbling block. Cincinnati won from the Phillies after being almost hopelessly behind, and falling with two pitchers, one of them veteran Elmer Smith. Pittsburgh had to play eleven innings to beat Brooklyn. Taylor won for the Browns from Washington. The transposition of Cleveland and Baltimore was the only change in position. Scores:

Kansas Great Wheat Crop.

Kansas City, Mo., June 30.—Nearly every county in the eastern section of the state reports serious damage to wheat from rust and excessive rain. Many fields are not worth cutting and thousands of acres will yield very much less than expected. In most of the counties in the western section wheat has escaped serious damage, and some of the big wheat counties like McPherson, Barton and Pawnee will have large yields. There are complaints of serious damage in twenty-seven counties. Notwithstanding all the complaints, however, the aggregate crop will be the biggest on record, with the exception of one year. The corn crop is making good progress, the farmers having had a week of fine weather for cultivating.

Steel Mills to Keep Running.

Pittsburg, Pa., June 30.—John Jarrett, secretary of the Association of Iron and Steel Manufacturers, said yesterday that the vote sent out to manufacturers to determine whether it would be opportune to suspend work for six weeks during the heated term has been returned, and shows that less than 80 per cent of the manufacturers in the trade have voted in favor of suspension. The mills will continue to work this year as formerly, but the promoters of the midsummer suspension hope to accomplish it next year. The increased number of orders for sheets was given as the reason that the shut down would not be advisable this year.

Benton McMillin Is Named.

Chattanooga, Tenn., June 30.—Congressman Benton McMillin was nominated for governor by acclamation by the democratic state convention. The platform adopted reaffirms the Chicago platform, opposes the issuance of bonds, "condemns the encroachment of the general government upon the reserved rights of the people of the state," demands an income tax, and indorses the course of United States Senators Bate and Turley.

Easy Victory for Sharkey.

New York, June 30.—Tom Sharkey, the sailor pugilist of California, knocked out Gus Ruhlin, the Akron giant, in less than one round last night before the Greater New York Athletic club at Coney Island. Ruhlin's defeat was accomplished in exactly two minutes and seventeen seconds.

## LATE NEWS BY TELEGRAPH.

### PANIC RULES IN SANTIAGO.

Spaniards Animated with the  
Courage of Desperation.

### TERRIFIC BATTLE EXPECTED.

Defenses of the City Are Being Strengthened—Michigan Troops Increase the  
Strength of Our Army—Soldiers Eager  
for the Attack.

Siboney, Cuba, June 29, via Playa del Este, June 29.—The steady forward advance on Santiago by the American army has carried thousands of the troops beyond the Rio Guama in the direction of the Spanish intrenchments extending about the city. Santiago is in plain sight from their camp, and the preparations for the great battle now consist merely of strengthening the lines in the advance positions, bringing up the artillery, ammunition and supplies and studying the enemy's defenses and the topography of the country.

The opinion of the commanders at the front is now that the enemy will defend the city's approaches desperately. There will be some hot skirmishes and one great battle before Santiago falls.

Cubans who left the city yesterday report that a panic has prevailed there since the return of the defeated Spaniards who were driven from their stronghold to the east of Sevilla last Friday. The Spanish commandant has reported that his forces met the entire American army on that day and administered a serious check to it. Food is understood to be scarce in Santiago, there being little to eat besides rice. Preparations are under way by the Spaniards further to strengthen their defenses. Old muzzle-loading cannon of obsolete pattern have been dragged out to the blockhouses and mounted there.

The auxiliary cruiser Yale arrived on Monday with the Thirty-third Michigan volunteers from Camp Alger. They have been landed, thus increasing the strength of the army by 1,600 men. The dismounted cavalry under Gen. Wheeler is now well to the front. The work of hurrying forward rations, ammunition and field batteries is being pushed with great energy, in spite of the dreadful condition of the roads.

The health of the army is excellent. The men are in high spirits and eager for the attack.

To Reward Heroes.

Washington, June 30.—In the senate Wednesday a joint resolution was reported from the committee on commerce and passed recognizing the gallantry of Lieut. Frank H. Newcomb of the Hudson, his officers and crew, at Cardenas, and of Capt. Hodgson of the revenue cutter Hugh McCulloch at Manila. Lieut. Newcomb received the thanks of congress and a gold medal; his officers received silver medals, and the men of his crew bronze medals, and Capt. Hodgson (being 63 years old) is to be placed on permanent waiting orders or on the retired list on duty pay. A similar joint resolution was reported from the naval committee and passed giving the thanks of congress to Assistant Naval Constructor Hobson and the volunteer crew of the collier Morrill, sunk in the channel at Santiago.

Sampson Has 107 Vessels.

Washington, June 30.—The president's proclamation extending the Cuban blockade was sent to Admiral Sampson today. He has the largest fleet of vessels under his command that has ever been directed by a single officer, excepting the historical Spanish armada. He now has 107 vessels, not including the squadron which will sail under Commodore Watson, nor the thirty-one vessels engaged in harbor defense duty, or undergoing repairs on the Atlantic coast. With 107 vessels surrounding the islands of Cuba and Porto Rico it will be impossible for the Spaniards to receive supplies.

Camara Keeps on His Way.

Madrid, June 30.—In an interview Lieut.-Gen. Correa, minister of war, said the government had no special news from Cuba, but took a favorable view of the situation. He asserted that Admiral Camara's squadron had begun the passage of the Suez canal.

Cairo, Egypt, June 30.—Admiral Camara has asked permission to coal his fleet at Port Said, but the Egyptian government, believing the Spanish ships have sufficient coal to steam to the nearest port of their own country, has definitely refused his request in accordance with the neutrality laws.

Go to Re-enforce Gen. Shafter.

Washington, June 30.—The understanding at the war department this morning was that six transports, carrying re-enforcements for Gen. Shafter, would leave Tampa today, going out with the tide. They consisted of about 3,000 men, with their equipments and subsistence, and were a portion of Brig.-Gen. Snyder's division. Other transports are expected to return from Cuba in a few days, and they will take the remainder of the troops assigned to re-enforce Gen. Shafter.

Reported Loss of Transport.

Madrid, June 30.—A dispatch to the Imparcial from Havana says that a transport carrying siege guns for Gen.

has foundered. Neither the name of the vessel, the place where she sank, nor any details are given.

Pope's Friends Are Anxious.

Rome, June 30.—The pope is said to be greatly affected by the course of the Spanish-American war, and in view of his age and nervous prostration for some time past his entourage is anxious, although his physicians declare there is no cause for alarm.

Spain Makes a Protest.

Montreal, Que., June 30.—It is stated in well-informed Spanish circles in this city that there has gone forward to the British foreign office a demand on behalf of the Spanish government that the United States revenue cutter Gresham, now in this port, on her way from the lakes to the Atlantic seaboard, be held here. The Spanish government takes the ground that the passage of the Gresham through the St. Lawrence canal in sections and the riveting of the two sections together in this port constitute a breach of the neutrality laws, and it is stated that the Spanish government already has a ruling in general terms from the British government that such a procedure will not be allowed.

Examining Indiana Troops.

Indianapolis, June 30.—The examination of the volunteers for the new regiment began Wednesday with the recruits from this city, which included the two colored companies. Some of the men were rejected, and Capt. Porter and Buckner left for other cities in the state, where they will recruit enough colored men to complete the two companies. The Mount Vernon and Rushville companies will arrive today, and the other companies composing the regiment will be ordered in day by day as fast as they can be examined. It is supposed by Gov. Mount to have the regiment ready to go to the front as soon as the last company is examined.

Ships on a Secret Mission.

London, June 30.—A cable message from Gibraltar says the Spanish government has started two large steamers from Cadiz on a mysterious mission. They are the Atlantic liners Ignacio Loyola and Isla de Luzan. The official statement is made that the vessels are bound to Porto Rico. The masses of the people, the dispatch says, believe this story, as they have all others which have emanated from official circles, but foreign representatives look upon the movement as simply another ruse to quiet the populace, and believe that the vessels will not leave Spanish waters.

More Trouble for Spain.

Vancouver, B. C., June 30.—Mail advices from Hongkong say that it is reported that the revolt against the Spanish rule has extended to the Caroline Islands. The Spanish have only a small garrison there, and as they are unable to send relief it is likely that the rebels will soon have control.

Five Steamers for America.

London, June 30.—The Daily Mail announces this morning that the United States has purchased the steamers Alexandria, Baddeley, Victoria, Cleopatra and Whitford of the Wilsons and Furness-Leyland Line, all nearly new and each with a tonnage of about 7,000.

Spain's Credit Given a Test.

New York, June 30.—Spain's credit was put to the test Wednesday, and came through the ordeal poorly. A block of her indemnity bonds of par value of \$5,000 was sold by Adrian H. Muller & Sons, and brought only \$100.

Avenge African Massacres.

Liverpool, June 30.—A mail steamer from Sierra Leone reports that the British expedition which was dispatched to the Sherbro district of Sierra Leone, west coast of Africa, owing to the massacre of American missionaries by natives, fought its way to Rotifunk. The British force found the cremated bodies of the murdered missionaries, which, however, bore no traces of mutilation, as had previously been reported. The expedition severely punished the natives, but the search for Mrs. Galt, who fled to the bush at the time of the massacre, proved fruitless.

Iowa Prohibitionists.

Des Moines, Ia., June 30.—The prohibition state convention made its nominations Wednesday. The ticket was recommended by the nominating committee and endorsed by the convention without opposition. The platform is the same as last year, with the addition of a clause endorsing the war and pledging loyalty to the government during the crisis. Delegates from the Women's Christian Temperance Union were present, and pledged the hearty co-operation of their organization.

Window-Glass Men Disagree.

Pittsburg, Pa., June 30.—When the wage committees of the Window Glass Cutters' league and the American Glass Company met Wednesday the workers asked for a 5 per cent increase over the present wages. The manufacturers had expected a request for an advance of 4 per cent. When the workers asked for more the employers said there was no use talking about it, and the conference was abruptly terminated. The present scale expired today, and the window glass factories all over the country will close until Sept. 1, at least.

### SAY BROOKLYN WAS SUNK.

Reported Destruction of an American Cruiser.

### THE NEWS IS DISCREDITED.

Authorities at Washington Doubt That the Flagship of Commodore Schley Has Met with Such a Disaster—Rumor of a Yellow Fever Epidemic.

Kingston, Jamaica, Wednesday, June 29.—The Spanish consul here has received a cablegram from Santiago de Cuba asserting that the United States armored cruiser Brooklyn has been struck by a Spanish shell, which sank the vessel and killed Commodore Schley and twenty-four seamen.

The consul really believes the "news," and the Spaniards all over the city are drinking champagne and rejoicing. It has been also reported to the Spanish consul from Santiago that an extensive mine has been laid, which will blow up half the American army when it enters the city.

Discredited in Washington.

Washington, June 30.—At 1:15 o'clock Thursday morning, when officers on duty at the navy department were shown a copy of the above dispatch, they expressed disbelief in the story. Not a word has been received from Admiral Sampson, they said, since Tuesday night, and the officers regard it as certain that had anything of the kind recounted in the dispatch happened the admiral would immediately have informed the department.

Yellow Fever and Smallpox.

London, June 30.—A dispatch to the Daily Mail from Kingston, Jamaica, says it is reported there that there have been forty deaths from yellow fever among the American troops in Cuba. According to the same authority there has been an alarming outburst of smallpox at Manzanillo.

SPAIN FEARS THE FLEET.

Prospective Presence of Watson's Vessels Causes Alarm.

Madrid, June 30.—The rumored coming of an American fleet to the peninsula has caused alarm in Madrid and throughout Spain, although the authorities try to conceal the fact. Especially is this the case on the coasts in the north of Spain, where the people are trembling. The defenses are nowhere complete except at Ferrol, where there is an arsenal. All the forts there are protected only by ancient citadels and forts equipped with equally venerable cannon.

In consequence of the report the annual influx of visitors to the fashionable watering places will not take

### STORIES OF RELIEF.

Two Letters to Mrs. Pinkham.

Mrs. JOHN WILLIAMS, Englestown, N. J., writes:

"DEAR MRS. PINKHAM:—I cannot begin to tell you how I suffered before taking your remedies. I was so weak that I could hardly walk across the floor without falling. I had womb trouble and such a bearing-down feeling; also suffered with my back and limbs, pain in womb, inflammation of the bladder, piles and indigestion. Before I had taken one bottle of Lydia E. Pinkham's Vegetable Compound I felt a great deal better, and after taking two and one-half bottles and half a box of your Liver Pills I was cured. If more would take your medicine they would not have to suffer so much."

Mrs. JOSEPH PETERSON, 513 East St., Warren, Pa., writes:

"DEAR MRS. PINKHAM:—I have suffered with womb trouble over fifteen years. I had inflammation, enlargement and displacement of the womb. I had the backache constantly, also headache, and was so dizzy. I had heart trouble, it seemed as though my heart was in my throat at times choking me. I could not walk around and I could not lie down, for then my heart would beat so fast I would feel as though I was smothering. I had to sit up in bed nights in order to breathe. I was so weak I could not do anything."

"I have now taken several bottles of Lydia E. Pinkham's Vegetable Compound, and used three packages of Sensitive Wash, and can say I am perfectly cured. I do not think I could have lived long if Mrs. Pinkham's medicine had not helped me."
